WORK EXPERIENCE

- Apr - Aug 2023

Stocate
Lead UI/UX Designer

Developed personas, user journey maps, and user flows to enhance design insights. Led small-scale projects optimizing team workflow, revamped app architecture for consistent branding, and addressed 200+ user feedback submissions, resulting in an 80% increase in usage activity.
- Jan - Apr 2022

Shoplogix
Product Manager

Partnered with key stakeholders and the product team to create a marble run that demonstrated Shoplogix's live tracking abilities. This display increased trade show contracts by 36%. In addition, I designed a mobile app for Shoplogix customers to access their manufacturing data remotely.
- May - Aug 2021

University of Waterloo (CEL)
UI/UX Designer & Front-end Developer

Led the design and development of the U of Waterloo's Course Development Tracking System. Developed front-end interfaces with HTML, CSS, and JavaScript, and presented a storyboard to key stakeholders for feedback. This resulted in one single repository for all educational resources.
